BLACK ALUMINUM FRAMED MIRROR WITH BACK LIGHT AND DEFOGGER

FP-MIR-ALU-BL-BK

FORM+ Care & Maintenance – Bathroom Mirrors (Backlit & Defogging)

General Cleaning

- Clean mirror glass with a soft cloth and mild glass cleaner.
- Do not spray cleaner directly onto mirror edges or electrical components.
- Wipe dry after showers to prevent moisture buildup.

Defogging System

- Ensure wiring is checked annually by a qualified technician.
- Do not operate the defogger for extended periods beyond recommended usage.
- Ensure bathroom has adequate ventilation to reduce excess humidity.

Maintenance Tips

- Inspect mirror edges regularly for signs of moisture penetration.
- Avoid abrasive pads or ammonia-based cleaners that can damage the surface.
- Turn off power before servicing or inspection.
