

FORM+

The image displays three separate chrome faucet components against a plain white background. In the center is a tall, cylindrical spout with a wide, flat, rectangular top that extends forward. To the left of the spout is a side handle, which is a short, cylindrical piece with a flat, rectangular top that extends horizontally to the left. To the right of the spout is another side handle, identical in design to the first, but with its flat, rectangular top extending horizontally to the right. All three components have a highly reflective, polished chrome finish.

**ORLA III | WIDESPREAD
BATHROOM SINK FAUCET**

SKU: FP-ORLAIII-XX
